FINANCIAL AID GOOD STANDING AND SATISFACTORY PROGRESS POLICY

Concordia University Wisconsin is required to establish and consistently apply standards of good standing and satisfactory prod od γ ⁄ τ T T Me by any one appeal procedure for financial aid u

d Good Standing or Satisfactory Progress Policy. Those students affected
which is detailed in Section E. Both standards of Good Standing and
for a student to continue receiving financial aid. No part of this policy has
his University or any other. Listed below is the financial aid Satisfactory

ng: A student enrolled in Concordia University Wisconsin is considered in good standing if allowed to
at degree or certificate program at Concordia University Wisconsin. Detailed information pertaining to the
demic requirements of the University can be obtained by referring to the appropriate section of the
catalog; this includes both GPA expectations and the maximum length of time to complete a degree for
rams. Students who are not in Good Standing with the University academic probationary policies are not
end Concordia or obtain financial aid.

Academic Progress: Satisfactory academic progress is defined as successfully completing cumulative
ements for a minimum of 67% of the cumulative number credits attempted (this includes transfer credits
used towards a studentôs program), thereby making it possible for a student to make good progress toward
rtificate objective. ñSuccessfully completing course requirementsò is interpreted to mean that a grade of at
is received by a student. Incompletes, withdrawals/no credits, and audits, are considered unsatisfactory.
ating a course will be evaluate on the basis of whether or not the class taken in the given term is passed.
ompletes, which are later changed into a grade of at least D- or P are satisfactory for Financial Aid
cademic Progress policy purposes (please note that D- is only ñsatisfactoryò by financial aid standards not
academic standards). **It is the student's responsibility to notify the Financial Aid Office of such**
reviously incomplete grades. Progress is also calculated on the basis of, the student having a cumulative
r better, this qualitative standard is reviewed again every term. Students repeating a course will have the
mitted for cumulative calculations. Stude tu

D. Financial Aid Eligibility Warning Statuses: When a student does not successfully completing a minimum of 67% of cumulative credits earned versus attempted or does not have a CGPA of 2.0, financial aid eligibility status of **"WARNING"** is imposed. Aid automatically continues through one semester of financial aid eligibility status of **"WARNING"**. If a student does not make satisfactory progress during the semester of financial aid eligibility status of **"WARNING"**, or the student has reached the 150% of normal completion time, the studentôs eligibility for financial aid in later semesters is terminated. Eligibility can be regained by raising the completion rate of credits attempted to 67% and CGPA to above 2.0, unless terminated for exceeding the 150% of normal completion time. The appeal procedure

detailed in Section E exists for those students whose aid eligi
