

The School of Pharmacy is committed to the development of pharmacists who are servant leaders, dedicated to providing value-based, patient-centered care that improves the health of our communities in rural and urban areas through excellence in teaching, research, service, and practice.

At Concordia, you will acquire your initial pharmacy knowledge through courses and hands-on learning experiences from leading pharmacists and scientists. Pharmacy practice experiences in healthcare settings will enhance your technical skills and develop patient-care skills. With a strong focus on patients, our pharmacy program prepares you to serve all individuals with care and compassion. Earn your Doctor of Pharmacy in four years with a balanced commitment to academics and summers off to refresh and renew. Our small size provides more personalized attention from faculty and staff as you work to become a patient-centered pharmacist.

Concordia University Wisconsin and Ann Arbor is a Lutheran higher education community committed to helping students develop in mind, body, and spirit for service to Christ in the Church and the world. This mission is what drives us every day, and we aim to uphold it in every class, residence hall, and chapel service.

It is purpose-driven work that provides you with the opportunity to help and do more for individuals and communities. The field of pharmacy continues to expand as healthcare advances and more treatment options are discovered and made accessible. We will provide you with opportunities to experience various pharmacy specializations. You will have the opportunity to discover the pharmacist career path that best fits your interests, your skills, and your vocation in the field.

Concordia University Wisconsin offers two different options for the Dual Degree pathway: a Bachelor of Science in Pharmaceutical Sciences (BSPS) or a Bachelor of Science in Public Health (BSPH). Concordia Ann Arbor offers one option for the Dual Degree pathway: a Bachelor of Science in Pharmaceutical Sciences (BSPS). These Dual Degree pathways are designed for you to complete your BSPS or BSPH during your first year in pharmacy school. This allows you to earn your bachelor's degree and PharmD in seven years.

In this path, you will take the required pre-pharmacy courses (56 credits) over three years of undergraduate study at Concordia University Wisconsin or Ann Arbor and apply for admission to the PharmD program during your junior (third) year.

Students who are on track to successfully complete the BSPS degree requirements may be eligible for the BSPS/P1 Academic Merit Scholarship. This scholarship money would be applied to your first year of pharmacy school (P1).
