

- a. Who I am?
- b. What are my accomplishments/strengths/abilities? Or what do I do?
- c. What do I want? What is my goal?

My name is Fred Falcon. I am a senior majoring in marketing with a minor in communications and I am pursuing a business development position in the manufacturing industry. I am active in several organizations on campus and hold the marketing chair position in our Communications Club. I am seeking a job after graduation and I'd like to learn more about the current marketing assistant position as it matches my skills and interests.

I am Christy Falcon, a junior majoring in political science. I am fluent in Spanish. I serve on several campus committees and I am currently the president of the CUW student government. I have also worked with non-profits in the greater Milwaukee area that are focused on creating safe housing for victims of domestic violence.
